

ENERGY STAR® Qualified New Home Builder Program

Marathon is one of the most energy efficient electric water heaters on the market. There's only a 5° heat loss within a 24 hour period. **Marathon** water heaters provide No-Leak Lifetime Warranty. The No-Leak Lifetime Warranty will eliminate the cost of buying and installing a new water heater every 10 years for the homeowner. This, coupled with energy savings makes the total cost of ownership lower than a typical water heater.

Program Guidelines:

1. Incentives available for licensed general contractors.
2. Program is based on a first-come, first serve basis until program funding is depleted.
3. Lumbee River EMC reserves the right to amend or discontinue this program without notice.
4. Lumbee River EMC reserves the right to apply the cost of a 50 gallon Marathon water heater to the applicant's account for a home that receives a Marathon water heater and does not receive ENERGY STAR® certification within 120 days of the water heater delivery date.

Qualified New Home Builder Program

Why Build An ENERGY STAR® Qualified Home?

Separate Yourself From The Competition

By participating in the ENERGY STAR® program, you can distinguish yourself as a leader in efficient construction and environmental stewardship, providing valuable recognition and market advantage.

Improve Customer Satisfaction

ENERGY STAR® qualified homes provide added value through lower utility cost, quieter and more comfortable homes, improved indoor air quality, advanced technology, higher resale value and environmental protection.

Increased Revenue

The built-in energy saving features can increase revenue on ENERGY STAR® qualified homes. In addition, the projected energy savings may allow a buyer to afford additional upgrades, increasing your profit.

Reduced Callbacks

The energy efficient features built into ENERGY STAR® qualified homes increase comfort and satisfaction, resulting in fewer homeowner complaints and callbacks.

Third-Party Verification

All homes must be certified as ENERGY STAR® by an independent Home Energy Rater (HERS Rater). Visit www.resnet.us for more information and/or to locate a Rater.

Builder Information:

Builder: _____

Contact: _____ Phone: _____

Builder Address: _____

Subdivision: _____ Lot #: _____

New Home Address: _____

HERS Rater: _____ Phone: _____

Signature of Builder: _____ Date: _____

By my signature, I certify the information in this application is true, and I have read and understand the program guidelines.
